DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on February 8, 2007 has been entered.

Allowable Subject Matter

2. Claims 1, 3, 6, 8-18, 20, 23 and 25-36 are allowed.
3. The following is an examiner's statement of reasons for allowance: The examiner agrees with applicant's explanation of how the amended claims distinguish over the prior art of record, which fails to disclose or suggest the use of BDC or BTC bound to Zn^{2+} in a container capable of storing gas under a pressure of from 40-70 bar.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The references listed on the attached PTO-892 form disclose metal-organic framework materials for gas storage.
